

Woodcroft Camp: Ages 3 - 6

Woodcroft Club is excited to expand our preschool camps for children ages 3 - 6. Our preschool Summer Camp is divided into weekly themes with swimming, tennis, crafts and games. A limited number of extended day (1:00pm - 5:30pm) spaces are available to children 5 and 6 years old. Don't miss out on this unforgettable camp experience!

Lunch and Snack:

Bagged lunches are available for \$78/week and include a main dish that you choose along with chips, a juice box, one side, one dessert, and one snack.

Schedule and Rates:

Camp Day: 8:30am - 1:00pm
Early Care: 7:30am - 8:30am
(\$12/day)
Members: \$235/week
Non-Members: \$265/week

Cancellations:

Changes to your registration can be made by logging into your Active Account. Cancellations processed by April 11th will result in a refund of tuition paid less a \$50 registration fee per camper. From April 12th until 28 days prior to the first day of the session, cancellations are eligible for a 50% refund.

*No refunds, credits, or transfers for tuition when cancellation is 28 days or less from the start of the activity or session. *

If you have any questions, please contact:

CAMP

**Deep Blue Sea
May 20th - 24th**

Get ready to dive below the waves as we explore the ocean and all the amazing life it contains. Campers will play amongst the sea life, dig into the sandy sea floor, and will even look for some sunken treasure on this undersea adventure.

**Ooey Gooley Science
May 28th - 31st**

Come find out how much fun making a mess can be! Using ordinary materials in extraordinary ways, campers will experiment with mixtures to create a little messy fun. Join us at Camp Woodcroft as we dip our fingers into some ooey, gooey mixtures.

Serious Science!
June 3rd - 7th

While science is a serious subject, the process of mixing, measuring, and experimenting at Woodcroft Camp is ridiculously fun! Campers will experiment with mixtures and materials to make sensorially satisfying creations.

Games Around the World
June 10th - 14th

Do you ever get tired of the same old games? Us too! Our team has searched far and wide for traditions and games from around the world, and we've brought them right home to Durham. Campers will gather round, take a spin, and work together to explore some games and pastimes from other regions and cultures.

Art in Nature
June 17th - 21st

Have you ever painted with a brush made from objects found in nature or used a leaf to make a bowl? Messy but beautiful, campers will push up their sleeves and explore ways to bring a little of the outdoors to life through their creations.

Design Like da Vinci
June 24th - 28th

Before Leonardo da Vinci was a painter, he created hundreds of plans including a catapult, bridge, and flying machine! Campers will prove themselves to be just as creative by following in his footsteps to create their own inventions that twist, turn, float, and fly!

Stars and Stripes
July 1st - 5th

This week is all about the red, white, and blue as we prepare to celebrate the 4th of July. Some crafts will sparkle, some will fly, but you can be sure that everyone will have a blast! **No camp Thursday, July 4th**

Culinary Kids
July 8th - 12th

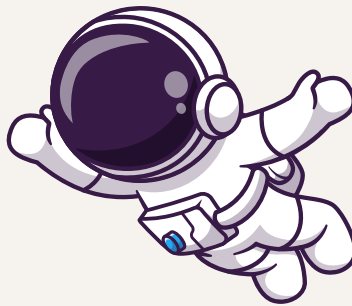

The kids are taking over the kitchen! Campers will practice measuring, reading recipes, and following instructions as they create a variety of snacks and treats. **This week will involve food items and materials that may contain allergens.**

Art Adventures
July 15th - 19th

Ready to get messy? Our team has pulled out all of the art supplies (some familiar, some intriguing) and are ready to get creative. Be prepared as we paint, roll, draw, print, and cut our way to new masterpieces! Parents, please prepare yourselves and your kiddos for a messy week!

Galaxy Explorer
July 22nd - 26th

3...2...1...Blast off! Prepare to explore the great unknown. Combining science and art, campers will create their own galaxies and nebulas, create a planet, and launch rockets!

The Science of Art
July 29th - August 2nd

While you might think of art and math as two different subjects, in reality, they interact in incredibly interesting ways. Campers will be creating art projects that incorporate math and science concepts in unusual ways.

**Mythical Creatures
August 5th - 9th**

Gnomes, mermaids, unicorns,...all exist at Camp Woodcroft! This week we will be exploring all the mythical creatures that exist in stories. We might even find a few to take home.

**Ahoy Matey!
August 12th - 16th**

Ahoy Maty! Hop aboard the S.S. Woodcroft as we sail the seven seas in search of treasure and adventure! We will create parrots, look through spy glasses, and even look for buried treasure!

**Planes, Trains, and Automobiles
August 19th - 23rd**

Zip, Zoom, Whee! Campers will spend this week rolling, gliding, and chugging along as they explore multiple forms of transportation through science and art explorations.
